

PETER BAKER

International DJ / VideoDJ

Valencia • SPAIN

ABOUT

PETER BAKER is an International DJ, VideoDJ and broadcaster with more than three decades of professional experience in music, radio, television and live entertainment.

His career began with formal musical training and later developed through radio and television as a presenter and broadcaster. That background remains a defining part of his work today: understanding the atmosphere, reading the audience and shaping each session around the setting, the occasion and the people in front of him.

Throughout his career, Peter Baker has performed in clubs, hotels, beach clubs, festivals and corporate events, including venues such as Hard Rock Hotel Ibiza, Bora Bora Ibiza, Tantra Ibiza, Dunes Ibiza, Marina Beach Club Valencia, Jerusalem Pop & Rock and L&H Hotel Gran Vía Valencia. During his time in Ibiza, he was also the official DJ for the Children of the 80's™ After Party at Hard Rock Hotel Ibiza.

His musical profile moves across House in its different styles — Deep, Tech, Afro, Chicago and more — together with 80s, 90s Dance & Eurodance, and selected Pop and Indie references.

Peter Baker is also the creator of PEOPLE OF THE 90's™, his signature audiovisual format: a live session built around 90s and 2000s music videos mixed in real time, where audio and image form a single performance.

Today, his work is focused on carefully curated DJ and VideoDJ experiences for hotels, resorts, beach clubs, rooftops, corporate events and selected premium venues.
